

# GLP-1 BRIDGE FACT SHEET

1

## WHAT IS THE GLP-1 BRIDGE?

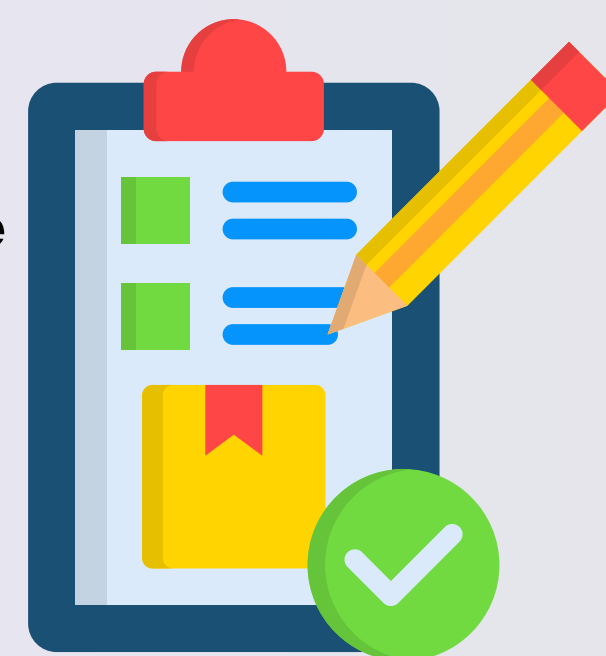

This is a temporary nationwide demonstration run by CMS that provides eligible Part D beneficiaries access to specific weight-loss drugs for a flat \$50 monthly copay. It runs from July 2025 through December 31, 2027.

2

## ELIGIBILITY REQUIREMENTS

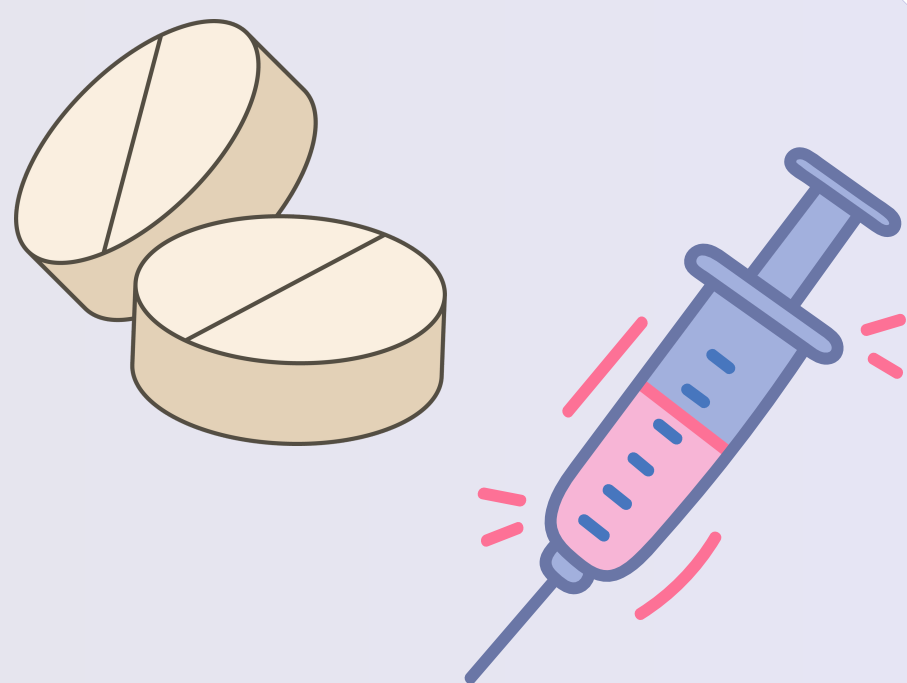

- Active enrollment in Medicare drug or Advantage Plan
- Prescription for GLP-1 solely for excess body weight reduction or maintenance
- Initial BMI of  $\geq 35$
- BMI of 30+ with certain health conditions such as Heart failure, Uncontrolled hypertension, or Chronic Kidney Disease
- BMI of 27+ with certain health risks such as Pre-diabetes, Heart Attack, or Peripheral Artery Disease

3

## MEDICATIONS OFFERED

- Wegovy (both injections and tablets)
- Zepbound (KwikPen)
- Foundayo

4

## HOW TO GET STARTED

- Discuss with your doctor
  - Physician must confirm you meet BMI & weight-loss need
- Get Prior Authorization
  - Provider must submit specific prescription with CMS prior authorization form
- Pharmacy Fulfillment
  - After approval, there's a fixed \$50 co-pay at the pharmacy
